

Memorandum

To: Panel Members Date: October 24, 2002

From: Charles Rufo, Manager
Peter DeMauro, General Counsel Analyst: K. Udarbe

Subject: Proposed Amendment No. 1 for **Truck Driving Academy**
www.tdatraining.com

CONTRACTOR:

- Multiple Employer: Training Agency
- Training Project Profile: Job Creation: Training of Unemployed Workers and
- Legislative Priorities: Displaced/Potentially displaced workers
- Type of Industry: Transportation
- Repeat Contractor: Yes
- Union Representation: No
- Name and Local Number of Union
representing workers to be Trained: N/A

CONTRACT:

- Program Costs:
 - Present Program Costs:** \$640,800
 - Amendment Program Costs +:** \$360,000
 - Total Program Costs:** \$1,000,800
- Multiple Employer Support:
 - Present Contract Support (8 %):** \$40,940
 - Amendment Support (8 %):** \$23,000
 - Total Support:** \$63,940
- Substantial Contribution:
 - Present Contract Contribution:** \$0
 - Amendment Contribution +:** \$0
 - Total Contributions:** \$0
- Total ETP Funding: \$1,064,740
- In-Kind Contribution: \$455,652
- Maximum Contractor Charge: \$0 per trainee
- Reimbursement Method: Fixed-Fee

- County(ies) Served: Statewide
- Duration of Agreement: 24 Months

ACTIVE PROJECTS:

The following are current project statistics:

Agreement No.	Term	Agreement Amount	Number To be Retained	Number Enrolled	Number Completed Training	Number Hired (Complete for new hires only)	Number retained for 90 days
ET02-0128	09/03/01 - 09/02/03	\$681,740	178	210	141*	98	33

*Performance: 79 percent of the trainees have completed training; while 55 percent of the trainees have been placed in employment within the first 12 months of the contract.

NARRATIVE:

The Panel approved this Agreement in August 2001; to provide 178 currently unemployed individuals with the skills to attain jobs in a specialized industry and occupation, as Class A truck drivers. Due to successful performance, Truck Driving Academy is requesting to add a Phase II with additional 100 individuals to this Agreement.

Located in Sacramento and established in 1985, Truck Driving Academy (TDA) is a vocational training institute providing truck driver training. Additional campuses have been opened in Fresno and Stockton. There are also satellite facilities in Marysville-Olivehurst and Tulare. An additional satellite is being planned in the city of Merced.

Truck Driving Academy's program is designed to train individuals with no prior experience or training for entry-level employment as local or over-the-road drivers. Students are required to complete two segments of training: classroom theory, and behind-the-wheel, hands-on training in tractor-trailers with instructors present both in class and in the cab. The course has been designed to meet the needs of prospective employers and of new drivers.

In the proposed Phase 2, TDA will train an additional 100 truck drivers (current California Unemployment Insurance recipients or recent exhaustees) in the operation of trucks and place them in full-time, year-round jobs. Trainees will receive the same curriculum as Phase 1, with 240 hours of class/lab training in basic operation, safe operating practices, advance operating practices, vehicle systems and malfunctions, non-vehicle activities, state and federal laws, and basic driving maneuvers. Training will also be conducted at the Academy's facilities in Sacramento, Fresno, Stockton, Olivehurst, and Tulare. All training, project administration and job development is being provided by TDA.

Trainees participating in this project will work in counties with unemployment rates exceeding the state average by at least 25 percent (Fresno 11.1 percent, Madera 9.9 percent, Merced 10.7 percent, San Joaquin 8.1 percent, Stanislaus 8.5 percent, Sutter 8.4 percent, Colusa 11 percent, Glenn 10.5 percent, Tulare 12.6 percent, and Kings 11.5 percent) - as of August 2002.

NARRATIVE: (continued)

Justification of High Cost

ETP policy requires that when the requested cost per trainee is more than double the ETP average cost per trainee, which amounts to \$2,630, a Multiple-Employer Contractor must justify the high cost per trainee. The cost to train new-hire trainees totals \$3,830 for 240 hours of training at the \$15.00 per hour new-hire reimbursement rate. Although TDA has been granted course approval for 330 hours of truck driving training by the Bureau for Private Postsecondary and Vocational Education, Panel staff negotiated 240 hours of training based on recently approved truck driver training projects. The ETP fixed fee new hire reimbursement rate is being used because TDA's catalog tuition rate at 240 hours of training is higher. The Truck Driving Academy will absorb the cost of additional training if trainees (estimated at 15% of total trainees) require more hours to become proficient such additional training can amount to an additional 60 hours.

Based on TDA's previous placement records, wages for truck drivers have demonstrated a significant wage progression. Within two years after completion of training, TDA graduates earn an average of \$13.13 per hour. In Phase I, 50 percent of trainees were required to earn at least \$12.00 per hour. Based on data from Truck Driving Academy's previous project, of the 33 trainees that have been hired and retained for 90 days in Phase 1, 22 trainees or 67% have an hourly wage of \$12.00 and higher. TDA has agreed that for Phase 2, trainees will earn at least \$12.00 per hour for 50 percent of its placements.

Supplemental Nature of Training

All training under this program is new hire for unemployed individuals who will be placed in full-time, year-round employment in California, upon completion of their training. The training, therefore, does not supplant any other training.

In-Kind Contribution

Phase 1: TDA showed training and training-related costs not covered by ETP funds to be approximately \$29,014 and \$235,138 in wages paid to employees while receiving on the job training for a total of \$264,152 or approximately 38 percent of the Agreement amount. The employer contribution policy for new-hires was enacted by the Panel on February 21, 2002, following approval of this Agreement, and currently requires that all Multiple-Employer Contractor (MEC) agreements contribute at least 50 percent of the ETP-funded amount.

Phase 2: TDA will have an in-kind contribution by \$196,475 broken down as follows:

Training materials @ \$14.00 x 100 trainees	\$1,400
Training needs assessment and project development:	\$35,015
Additional training provided by TDA after ETP training	\$9,000
Material and supply costs directly attributable to ETP training (Fuel and Maintenance):	\$22,900
Wages/benefits to trainees during additional training (\$10.68 per hour x 40 hours per week x 3 weeks x 100 trainees)	\$128,160

Thus, the total in-kind contribution will be \$460,627 consisting of \$264,152 for Phase 1 and \$196,475 for Phase 2.

COMMENTS:

Trainees in this program are required to pass the DMV test, Class A, before employment placement and the 90-day retention period can begin. Training for any trainee who does not pass the DMV test, or who requires more than one attempt in order to pass the test, so that the 90-day retention period is not completed within the Agreement term, will not be reimbursed by ETP.

PROPOSED ACTION:

Staff recommends that the Panel approve the accompanying Amendment if funding is available and the project meets the Panel priorities. This recommendation is based on the continuing and growing need for trained and qualified commercial truck drivers throughout California and on the prospect of moving an additional 100 California citizens from unemployment into full-time, year-round work.

TRAINING PLAN:

Grp/Trainee Type	Types of Training	No. Retain	No. Class/Lab Videocnf. Hrs	No. CBT Hrs	No. SOST Hrs.	Cost per Trainee	Hourly Wage after 90 days
Phase 1: 1/New Hires	Truck Driver Skills	178	240	0	0	\$3,830	*\$9.03 - \$18.00
Phase 2: 2/New Hires	Truck Driver Skills	100	240	0	0	\$3,830	*\$9.12 - \$18.00
						<u>Range of Hourly Wages</u> \$9.03 - \$ 18.00	
						<u>Prevalent Hourly Wage</u> \$12.12	
						<u>Average Cost per Trainee</u> \$3,830	
<u>Health Benefit used to meet ETP minimum wage:</u> Employer paid benefits (medical, dental, vision) may be added to the trainee's base wage in order to meet the minimum hourly wage of \$9.03 per hour for Phase 1 and \$9.12 for Phase 2.						<u>Turnover Rate</u> 20% or less	<u>% of Mgrs & Supervisors to be trained:</u> 0%

CURRICULUM
TRUCK DRIVING ACADEMY
JOBS 1 AND 2

Class/Lab Hours
240

1. Basic Operation
 - Comprehension basic concepts shifting, backing, coupling
 - Name and identify vehicle control systems.
 - Illustrate the use of vehicle inspections and reports.
2. Safe Operating Practices
 - Acknowledge the importance of mirror usage and visual search.
 - Communications with vehicle signals.
 - Defensive driving techniques in relation to speed and space management.
3. Advanced Operating Practices
 - Differences in night driving.
 - Procedures for emergency maneuvers, skid control, and recovery.
 - Techniques to use during extreme driving conditions.
 - Identify and perceptions to hazards.
4. Vehicle Systems and Malfunctions
 - Perform simple emergency repairs.
 - Knowledge of various systems, including air brake system.
 - Recognize components that are not functioning properly.
5. Non Vehicle Activities
 - Identify terms of cargo documentation.
 - Demonstrate knowledge of hours of service regulations.
 - Understand proper accident procedures.
 - Knowledge of hazardous materials regulation.
 - Knowledge of bulk tanker regulations.
 - Knowledge of doubles/triples.
6. State and Federal Laws (Only for Job 1)
 - Identify state vehicle code laws.
 - Identify federal motor carrier safety regulations.
 - Knowledge of testing procedure for commercial drivers.

CURRICULUM
TRUCK DRIVING ACADEMY (continued)

7. Basic Driving Maneuvers
 - Inspect vehicle and document.
 - Couple and uncouple tractor-trailer.
 - Demonstrate basic double clutching.
 - Demonstrate proficient shifting.
 - Demonstrate proficient turns.
 - Demonstrate backing techniques and skills including; alley docking, straight line backing, and parallel parking.
8. Safe Operating Practice
 - Demonstrate use of mirrors and signals for visual search and communication.
 - Demonstrate speed control.
 - Demonstrate space management.
9. Advanced Operating Practices
 - Demonstrate all competencies during night time hours.
 - Demonstrate calling out hazards.
 - Demonstrate differences under extreme driving conditions.
 - Demonstrate control of vehicle.
 - Demonstrate all competencies while driving in: Traffic, Freeway, Hill Driving, and City/Downtown.
